## Adolescence Education: Mathematics

### School of Arts and Sciences

The program requirements pertain to the Undergraduate Catalog and are intended as a guide for academic planning. Students currently on SUNY campuses should consult their academic advisor for additional choices in general education categories when any course is recommended.

- To view all required courses for the program and Cortland's General Education courses, see the most current undergraduate [Catalog](#).
- Use the [transfer equivalency tables](#) to choose equivalents at your transfer college.
- If you plan to transfer before you complete your associate's degree, you can still earn your degree via [Reverse Transfer](#).

## About Adolescence Education: Mathematics

Teaching is a rewarding profession and good math teachers are always in demand. At SUNY Cortland, you will get a solid foundation in mathematics along with nationally recognized professional preparation for teaching in grades 7-12. If you decide you don't want to teach, you'll have a degree that you can use to pursue other careers. You also have the option of working toward dual certification in both mathematics and physics.

### Career Potential

- Mathematics teacher in high school or junior high school
- Curriculum coordinator
- Educational administrator

### What Will I Learn?

The math courses you take will teach you to think critically, reason logically and solve problems. While the professional preparation courses will help you become a more effective teacher by introducing you to different teaching and assessment strategies. Ultimately, you get to put all these skills into practice during a semester of student teaching your senior year.

### Applying to Cortland

- SUNY Cortland accepts the Common Application and the SUNY Online [application](#). Choose just one way to apply; both require a \$50 non-refundable application fee.
- If you apply to Cortland using the SUNY application, SUNY will waive the \$50 application fee for transfer students graduating with an associate degree from a SUNY or CUNY college, who apply directly to Cortland for baccalaureate programs.
- Fall applicants should apply by March 1. Spring applications should apply by November 1.
- After [applying](#), students must send transcripts from all colleges attended and a high school transcript.

### Cortland's Urban Recruitment of Educators (C.U.R.E.) Program (Fall Applicants Only)

- SUNY Cortland's C.U.R.E. program provides scholarship support, mentoring and programming to eligible students interested in working in urban education after graduation.
- Students from demographic groups that are underrepresented in teaching or students who have a serious interest in urban education are eligible to apply.
- Admission in the C.U.R.E. program is open to Fall applicants only. [Applications](#) can be submitted online.
